

MURRIERS INTEGRAL SOLUTIONS PTY (LTD)

LIGHT DUTY RACKING

Light Duty Racking is ideal for bulky light weight hand packed goods. The system is easy to assemble and can be easily relocated. All levels are easily adjustable and a full range of frame and beam sizes are also available.

By adding the correct racking system you could double and sometimes even triple the storage capacity within your warehouse.

A comprehensive range of frames and beams accommodates a wide range of loading requirements and is complimented by a choice of materials which can be specified to meet specific needs. In a nutshell, it provides the best preconditions: flexible in operation, easily adjustable and easily configurable.

Sizes

Height: 1800mm to 3000mm

Depth: 450mm to 1200mm

Length: 1200mm to 2700mm
